# THE COMPANY

- JP Baker Ltd are financial services and advisory firms with a focus on business advisory, structured finance and intermediation services.
- We act as independent and impartial advisers to clients across a broad range of sectors.
- We integrate financial, technical and commercial expertise, allowing clients to fully evaluate deal opportunities.
- Our services span the entire project/ transaction cycle from feasibility through to financing and post-financial close.
- We have very distinct competencies in building structures that are capable of enhancing and applying predictable cashflows from underlying transaction assets in a manner that ensures automatic reimbursement of advances that financed the assets

# WHAT DRIVES US

## VISION

- To be the leading provider of business advisory, structured finance and intermediation services in our markets.

## MISSION

- To consistently satisfy our clients by providing in the most efficient manner, first rate business advisory, structured finance and intermediation services, while operating as a model corporate citizen in our markets.

# OUR STRATEGY

- Focus on stable economies with strong fundamentals for investment and growth.
- Leveraging partnerships across Africa.
- Identifying market needs as opportunities for offering services to facilitate investment in our target markets.
- Engaging professionals with specialized skills and experience.
- Emphasis on innovation and knowledge based solutions.

# OUR SERVICES

## Business Advisory Services [BAS]

- This covers pre financial close services that include the preparation of bankable business plans where all the germane variables and their weighted impacts are uncovered, risks and their mitigants showcased, permitting the project owners and the financing parties to take informed decisions. The advisory services also include providing lead financial advice to clients, assessing a project's viability and the investment case as well as a detailed financial analysis to determine the structure and level of funding support required. By way of value-addition to our clients and fund providers, we also engage in post-financial close services that include but are not limited to loan monitoring.

# OUR SERVICES

## Structured Finance & Intermediation Services [SFIS]

- We also specialize in providing structured and bespoke solutions to our clients' 'complex' funding requirements by bringing them to bank ability and financial close. This covers conducting bank ability tests, identifying and contacting potential financiers, preparing financing information memorandum to be issued to the identified financiers, determining the most suitable structure for the transaction, soliciting and evaluating indicative term sheets with the client, facilitating negotiations with the providers of the financing, assisting the client to finalize the documentation as well as completing the conditions precedent to draw down.
